

Milestone Kids Dentistry

Healthy Habits Start Here

August 11, 2016

Dear Friends & Colleagues,

I am writing to introduce myself and to let you know it is with great personal anticipation and excitement that I have joined the Milestone Kids Dentistry team in Lake Stevens.

I am a Pacific Northwest native. I went to college at BYU, dental school at Virginia Commonwealth, and my pediatric specialty training was at the Univ. of Illinois at Chicago. I have been practicing pediatric dentistry in Colorado for the last couple of years, searching endlessly for the right opportunity to get back to this area. I decided to join Milestone Kids Dentistry not only because we love the area but because Milestone Kids Dentistry is a practice that genuinely values extraordinary service and care. We have a team that is "all in" when it comes to caring for each child as a whole person with a long, healthy life ahead of them, and I love how MKD is committed to its mantra, "Healthy Habits Start Here!"

One very exciting piece of information for Milestone Kids Dentistry is we have broken ground on building out our new office. We have been in a space-sharing arrangement, and while we will still be in the same building, it's going to be awesome to have our own, pedo-centric space. Our fully-equipped surgical operation will enable us to practice the most advanced pediatric care in the safest manner possible. We look forward to providing this needed service to the greater Lake Stevens pediatric population, and we can't wait for you to come check it out!

My wife, Jessie, and two daughters (age 4 yr and also 4 mo) are thrilled to finally find a place to call home. I look forward to getting to know you, and please know I am here full-time to help in any way that I can. I am your main doctor point-of-contact for Milestone Kids Dentistry, and I am here to be of service to the dental professional community.

Sincerely,

Dustin Davis DDS, MSD
